

# GENROCKET FREE TRIAL KIT

## RESOURCE KIT TO ALLOW EASY AND EXPANDED EVALUATIONS OF GENROCKET TECHNOLOGY

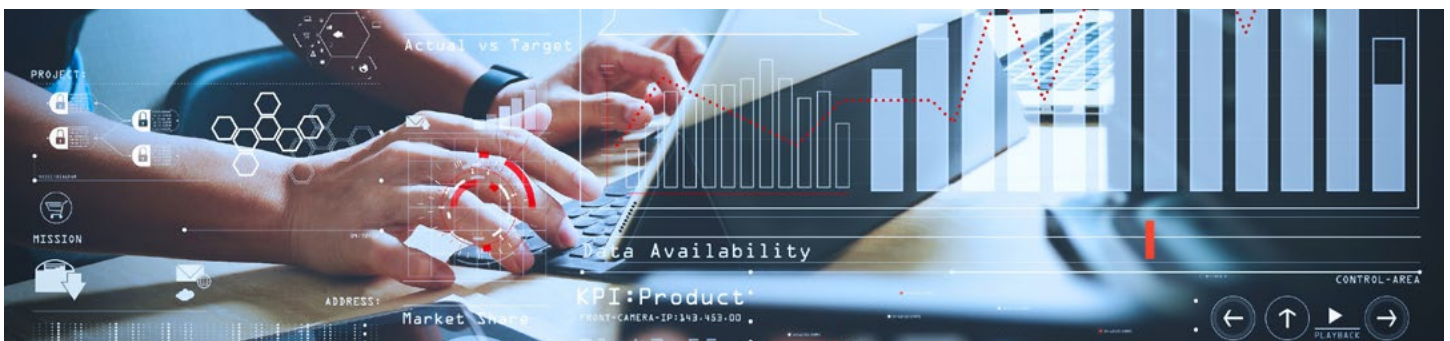

To enable prospective customers and partners to quickly and easily evaluate GenRocket's industry-leading **Test Data Automation** (TDA) solution, we put together a **Free Trial Kit** to facilitate the process. This resource kit efficiently guides an evaluator of GenRocket technology through the process of learning and applying its advanced concepts and capabilities.

### STEP 1: EXPLORE

The first step is to **Explore** the key components of the GenRocket architecture and how they are used to solve test data challenges across multiple industry segments. Below are links to a video introduction, an industry solutions section of the GenRocket website, and a resource section that contains downloadable data sheets, case studies, eBooks and more.

- Introductory video (Company + 5 Key Components) 6 mins: [GenRocket Introduction & 5 Key Components on Vimeo](#)
- Solutions for different verticals: [Test Data Solutions for Accelerated Software Testing](#)
- Explore our Blog and Case Studies: [Download Literature](#)

## STEP 2: EDUCATE

The next step is to **Educate** members of the evaluation team on how to use the power of GenRocket to its full potential. Our extensive knowledgebase has over 700 articles presented as short, highly focused explanations of the many features included with the platform. And GenRocket University is an on-line, interactive and self-paced learning environment that will take a new GenRocket user through a structured curriculum that covers all the bases.

- Access and Query our Knowledgebase: [Solutions](#)
- See the Frequently Asked Questions: [Frequently Asked Questions \(FAQ\)](#)
- Explore: [GenRocket Supported Output Formats](#)
- Enroll and Attend GenRocket University: [University Form](#)

## STEP 3: EXPERIENCE

The third, and most important step in the free trial evaluation process is to **Experience** the power of GenRocket first-hand. Start by viewing our *Banking Solutions Demo* to see *Test Data Automation* in action. Then put the knowledge you acquired in *GenRocket University* into practice by creating your first GenRocket *Project*. Our support team is ready to answer any and all questions at a moment's notice and our newsletters will keep you up to date on the latest features and helpful use cases.

Soon you will be ready to integrate GenRocket into your CI/CD pipeline and automate the process of real-time synthetic test data generation with our intelligent API. Then you will be ready accelerate your test data provisioning process with our distributed self-service platform. Here are some links to enhance your GenRocket experience.

- Solutions Video (Banking Solution Demo) 4 mins: [GenRocket Bank Solutions Demo with Test Data Cases](#)
- Create your first Project: [Login](#)
- Submit feedback or ask questions: [support@genrocket.com](mailto:support@genrocket.com)
- Sign up for Newsletter: [Newsletter](#)
- Integrate with your CICD Pipeline: [CI/CD Pipelines Jenkins Selenium Test Automation](#)
- API: [GenRocket API & Description Services](#)

Be sure to reach out with any questions, comments or concerns and share feedback on your GenRocket experience with our customer success team. We are here to ensure your evaluation is a highly productive experience from beginning to end.
